This winter's **15 best knit hats**—and how to pull 'em on with style

November 16, 2009

You need to keep your head warm in the wintertime. Simple as that. And your hat should be simple, too. Go with a classic knit version, one that's as much about style as function. Here, our 15 favorites, plus a couple of pointers on how to wear them.

### Nobis

The Canadian outerwear brand's cap is one of the thickest we found. It'll stand up to Great Northern winters—and any others you might find.
